THE DEPARTMENT OF MENTAL HEALTH

The Department of Mental Health has supervision of all public and private institutions for the mentally ill, feeble-minded, epileptic and for persons in private hospitals addicted to the intemperate use of narcotics or stimulants. It has the right to make investigation and recommendation as to any matter relating to the classes under care. Each State institution has, however, its own Board of Trustees appointed by the Governor and Council. The direct powers of the Department concern the inter-relations of institutions and matters which are common to them all, such as the distribution and transfer of patients, deportations to other States and Countries, claims for support as State charges, etc.

The expenditure of money under special appropriations is under the control of the Department which is required to prepare plans for new buildings and to select land to be taken for new or existing institutions.

The Department also analyses all requests for maintenance appropriations. The Statutes relating to the powers and duties of the Department are to be found in Chapters 19 and 123, General Laws.

SECTION 51. Order of Commitment. No person shall be committed to any institution for the insane designated under or described in section ten, except the Walter E. Fernald state school, the Belchertown state school and the Wrentham state school, unless there has been filed with the judge a certificate in accordance with section fifty-three of the insanity of such person by two properly qualified physicians, nor without an order therefor, signed by a judge named in the preceding section stating that he finds that the person committed is insane and is a proper subject for treatment in a hospital for the insane, and either that he has been an inhabitant of the commonwealth for the six months immediately preceding such finding or that provision satisfactory to the department has been made for his maintenance or that by reason of insanity he would be dangerous if at large. The order of commitment shall also authorize the custody of the insane

person either at the institution to which he shall first be committed or at some other institution to which he may be transferred. Said judge shall see and examine the alleged insane person, or state in his final order the reason why it was not considered necessary or advisable so to do. The hearing, unless a jury is summoned, shall be at such place as the judge shall appoint. In all cases he shall certify in what place the insane person resided or was at the time of his commitment; or, if the commitment is ordered by a court under section one hundred or one hundred and one the court shall certify in what place the insane person resided or was at the time of the arrest upon the charge for which he was held to answer before such court. Such certificate shall, for the purposes of the preceding section, be conclusive evidence of the residence of the person committed.

SECTION 52. Additional medical testimony. Fee. If in the opinion of the judge additional medical testimony as to the mental condition of the alleged insane person is desirable, he may appoint a third physician to examine and report thereon, who shall be a physician who has had practical training in psychiatry, if one is available. The fee for making such examination and report shall be four dollars, and twenty cents for each mile traveled one way.

1909, 504, § 31. 1932, 85.

SECTION 53. Qualifications of physicians certifying to insanity. No physician shall make a certificate of insanity under section fifty-one unless he makes oath that he is a graduate of a legally chartered medical school or college, that he has been in the actual practice of medicine for three years since his graduation and for three years last preceding the making of said oath, and that he is registered as a physician in accordance with chapter one hundred and twelve, nor unless his standing, character and professional knowledge of insanity are satisfactory to the judge. Where, in the opinion of the judge, it is practicable within his jurisdiction, at least one of the two physicians required to make a certificate of insanity under section fifty-one shall be a diplomate in psychiatry of the American Board of Psychiatry and Neurology, Incorporated. The physician who makes such certificate shall have examined the alleged insane person within five days of his signing and making oath to the certificate, and shall state therein that in his opinion such person is insane and a proper subject for treatment in a hospital for the insane, and the facts upon which his opinion is based. A copy of the certificate, attested by the judge, shall be delivered with the insane person to the superintendent of the institution to which the person shall have been committed, to be kept on file with the order of commitment, and said superintendent shall forthwith transmit to the department copies of such certificate, of the statement required by section fifty-four and of the order of commitment. Any certificate bearing date more than ten days prior to the commitment of any person alleged to be insane shall be void, and no certificate shall be valid or received in evidence if signed by a physician holding any office or appointment, other than that of consulting or advisory physician, in an institution for the insane to which such person is committed.

A copy of the statement shall be transmitted to the superintendent of the institution and filed with the order of commitment or the application for admission. In the case of insane persons, the superintendent of the institution shall within two days after the reception of the patient send notice of his commitment or admission by mail, postage prepaid, to all persons whose addresses appear on the said statement, and to any other two persons whom the patient may designate.

Upon such appeal the judge who ordered the commitment may bind the witnesses by recognizance as provided in chapter two hundred and seventy-six, and shall make a copy of the order of commitment and other proceedings in

Fernald state school, the Belchertown state school or the Wrentham state school, may commit him thereto by an order of commitment, directed to the trustees thereof made in accordance with section fifty-one, and accompanied by a certificate in accordance with section fifty-three by a physician, qualified as therein provided, that such person is a proper subject for said school, and all provisions of said section shall apply to such certificate, except that the physician's examination of the alleged feeble-minded person shall have occurred within ten days of the signing and making oath to the certificate, which shall bear date not more than twenty days prior to the commitment of such person. The order of commitment shall also direct the sheriff, deputy sheriff, constable, police officer, or other person to apprehend and convey the said person to the school to which he has been committed. Such order shall be void if such person shall not be received at the school named therein within sixty days after the date of such order. Unless the person sought to be committed is present at the time of the hearing, or the application is made by some one legally entitled to his custody, notice of the application and of the time and place of hearing shall be given to the person sought to be committed, and the order of commitment shall state what notice was given or the finding of facts which made notice unnecessary, and shall authorize custody of the person until he shall be discharged by order of a court or otherwise in accordance with law.

If a feeble-minded person is committed to such a school, the department shall thereafter have power, whenever advisable, to transfer him to the custody or supervision of the department; and thereafter the provisions of section sixty-six A, relative to removal, temporary release and discharge of feeble-minded persons, shall apply to such person.

SECTION 77. Observation, commitment for. Proceedings thereafter. If a person is found by two physicians qualified as provided in section fifty-three to be in such mental condition that his commitment to an institution for the insane is necessary for his proper care or observation, he may be committed by any judge mentioned in section fifty, to a state hospital, to the McLean hospital, or, in case such person is eligible for admission, to an institution established and maintained by the United States government, the person having charge of which is licensed under section thirty-four A, for a period of forty days pending the determination of his insanity. Within thirty days after such commitment the superintendent of the institution to which the person has been committed shall discharge him if he is not insane, and shall notify the judge who committed him, or, if he is insane he shall report the patient's mental condition to the judge, with the recommendation that he shall be committed as an insane person, or discharged to the care of his guardian, relatives or friends if he is harmless and can properly be cared for by them. If the legal or natural guardian or any relative of an inmate opposes such discharge, it

shall not be made without written notice having been given to the person opposing such discharge. Discharge of certain persons from custody of department, etc. If at any time, after study and observation, the superintendent of a state school having custody of a person placed therein under section sixty-six A is of opinion that such person is not defective, or that his further detention is not required for his own or the public welfare, he shall so report to the department, which may thereupon discharge such person from further care and custody. Any parent, guardian, relative or friend of a person committed to the custody or supervision of the department of mental health or to a department for defective delinquents may at any time file a petition for a hearing in the probate court of the county in which such person resided or was found when first committed, to establish that further custody or supervision is not required for the welfare of such person or the public; and upon payment of the necessary traveling expenses by said petitioner, from the place where such person is detained to the place of hearing, and the giving of security for the payment of necessary expenses for a return to such place of detention, if a return shall be ordered, the probate court may by order require the attendance of such person at said hearing. Upon filing with the department of mental health or with the commissioner of correction, as the case may be, a certified copy of said order, the department of mental health or the commissioner of correction shall authorize and direct the attendance of such person at such hearing in compliance with the terms of said order. If such contention is not sustained, such person shall be remanded to the custody or supervision of the department of mental health or to the department for defective delinquents; provided, that, except in the case of an inmate of a department for defective delinquents, the probate court may, in lieu of such immediate discharge or remand, permit such person to remain in the custody of a relative or friend who shall give security, to be approved by the court, for his safe care and custody and for his appearance in court whenever required, until discharged or remanded as herein provided.

who is likely to become dangerous to others, shall be discharged from or permitted to leave an institution under section eighty-eight or section eighty-nine by the trustees, superintendent or manager without written approval of the department. The department shall not grant such approval unless the superintendent or manager shall have submitted to it a written report containing a full statement of the case and of the reasons for its opinion whether or not the patient is or is likely to become dangerous to others, and such other information as the department may require, nor unless the department is satisfied by such report or by its own investigation that such inmate is not and is not likely to become dangerous to others or, if so dangerous, that sufficient precautions will be taken to protect the public safety. The department, if it does not agree with such superintendent or manager, may file a petition for instructions in the probate court for the county where the institution is situated, and such court may in its discretion order such inmate to be brought before it and cause him to be examined by one or more experts in insanity, shall determine whether or not he is or is likely to become dangerous to others, and, if so dangerous, whether sufficient precautions will be taken to protect the public safety, and may order him to be discharged or to be returned to the institution. Copies of all reports, decisions, findings and evidence connected with the case shall be transmitted to the institution and made a part of the case record of the inmate. Reasonable expenses incurred by the probate court in such examination shall be approved by the court and paid by the commonwealth.

SUPPORT

SECTION 96. Support of inmates of state hospitals regulated. Contribution from certain persons, when recoverable. Removal of guardian, etc. for failure to support. Certain statements receivable as prima facie evidence. The price for the support of inmates of state hospitals, except the Boston psychopathic hospital, and of insane inmates of the Tewksbury state hospital and infirmary and of the Bridgewater state hospital, not under orders of a court, shall be determined by the department at a sum not exceeding ten dollars per week for each person, and may be recovered of such persons or of the husband, wife, father, mother, grandfather, grandmother, child or grandchild if of sufficient ability. The price for the support of inmates of the Boston psychopathic hospital shall be determined by the department and may be recovered as herein provided. A married woman shall be subject to the said liability as though sole. Such action shall be brought by the attorney general in the name of the state treasurer.

Any person making payment for such support may recover the same, by suit in equity in the superior court to which any or all of the classes of persons hereinbefore named may be made parties, regardless of the existence of the marriage relation, from any person primarily liable for such support, or may have the amount so paid apportioned among those who

are not primarily liable, in proportion to their respective ability to pay, and may recover such apportionment.

No account of any guardian or conservator of such an inmate shall be allowed except after notice to the department or upon its written assent or waiver of notice. If the probate court, upon application of the department, finds that any such guardian or conservator having in his possession or under his control property of his ward exceeding five hundred dollars in value, has failed to pay, within three months after receipt of any bill therefor, for the support of his ward at the rate determined by the department under authority of this section, said court may make an order for the payment from the estate of such amount as it may determine.

In all proceedings under this section the sworn statement of a person that he is the superintendent of one of said institutions, or keeps or has custody of the records thereof or of the records of the department, and that a certain person has been an inmate of said institution during a certain period of time, or that the price of the support of a certain inmate has been determined at a certain sum by the department, shall be prima facie evidence of the said facts.

SECTION 99. Mental condition of persons coming before courts, how determined. Expenses. In order to determine the mental condition of any person coming before any court of the commonwealth, the presiding judge may, in his discretion, request the department to assign a member of the medical staff of a state hospital to make such examinations as he may deem necessary. SECTION 100. Commitment to state hospitals of persons under indictment. If a person under complaint or indictment for any crime is, at the time appointed for trial or sentence, or at any time prior thereto, found by the court to be insane or in such mental condition that his commitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, the court may commit him to a state hospital or to the Bridgewater state hospital under such limitations, subject to the provisions of section one hundred and five as it may order. The court may in its discretion employ one or more experts in insanity, or other physicians qualified as provided in section fifty-three, to examine the defendant, and all reasonable expenses incurred shall be audited and paid as in the case of other court expenses. A copy of the complaint or indictment and of the medical certificates attested by the clerk shall be delivered with such person in accordance with section fifty-three. Whenever a person is indicted by a grand jury for a capital offense or whenever a person, who is known to have been indicted for any other offense more than once or to have been previously convicted of a felony, is indicted by a grand jury or bound over for trial in the superior court, the clerk of the court in which the indictment is returned, or the clerk of the district court or the trial justice, as the case may be, shall give notice to the department, which shall cause such person to be examined with a view to determine his mental condition and the existence of any mental disease or defect which would affect his criminal responsibility. Whenever the probation officer of such court has in his possession or whenever the inquiry which he is required to make by section eighty-five of chapter two hundred and seventy-six discloses facts which if known to the clerk would require notice as aforesaid, such probation officer shall forthwith communicate the same to the clerk who shall thereupon give such notice unless already given. The department shall file a report of its investigation with the clerk of the court in which the trial is to be held, and the report shall be accessible to the court, the probation officer thereof, the district attorney and to the attorney for the accused. If any such prisoner appears to be insane or in such mental condition that his commitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, the warden or superintendent shall notify one or both of said experts, who shall, with the physician of such penal institution, examine the prisoner and report the result of their investigation to the superior court of the county where such penal institution is situated. SECTION 105. Reconveyance of prisoners restored to sanity, not dangerously insane, etc. When, in the opinion of the superintendent of the state hospital to which a prisoner has been committed or removed under section one hundred, one hundred and three or one hundred and four, or of the commissioner and the medical director appointed under section forty-eight of chapter one hundred and twenty-five in case of commitment or removal to the Bridgewater state hospital, the mental condition of the prisoner is such that he should be returned to custody or to the penal institution from which he was taken, he or they shall so certify upon the warrant or commitment, and notice, accompanied by a written statement regarding the mental condition of the prisoner, shall be given to the proper custodian or to the warden, superintendent, keeper or master, as the case may be, of such penal institution, who shall thereupon cause the prisoner to be reconveyed to such custodian, or to such penal institution, there to remain pursuant to the original sentence if committed or removed under section one hundred and three or one hundred and four, computing the time of his detention or confinement in the said hospital as part of the term of his imprisonment under such sentence; provided, that a prisoner committed or removed to a state hospital under section one hundred, one hundred and three or one hundred and four for his proper care or observation pending the determination of his insanity shall, unless found to be insane as hereinafter provided, be returned in the manner hereinbefore provided to the penal institution or custody whence so taken, not later than thirty-five days thereafter, but such prisoner shall in all other respects be subject to the provisions of this section. If a prisoner committed as insane under section one hundred, who has not been restored to sanity, is returned as aforesaid because in the opinion of the superintendent, or of the commissioner and said medical director, as the case may be, neither the public interest nor the welfare of the prisoner will be promoted by his further retention in the hospital, he or they shall so certify upon the warrant or commitment and shall append thereto a report relative to the prisoner's mental condition as affecting his criminal responsibility and the advisability of his discharge or temporary release from the penal institution or custody to which he is returned. If a prisoner, committed or removed under section one hundred, one hundred and

three or one hundred and four for his proper care or observation as aforesaid, is found by the superintendent or by the commissioner and said medical director, as the case may be, to be insane, the finding shall be certified upon the warrant or commitment, and the commissioner and superintendent of the institution, or said medical director, as the case may be, shall report the prisoner's mental condition to the court or judge issuing the warrant or commitment, or in case of the death, resignation or removal of the judge, to his successor in office, or in case of the absence or disability of the judge, to any judge or special justice of the same court, with the recommendation that the prisoner be committed as an insane person. The court, judge or justice may thereupon commit the prisoner to an institution for the insane, if, in the opinion of the court, judge or justice, such commitment is necessary. The provisions of this section relative to the return to custody or to a penal institution of a prisoner taken therefrom under section one hundred, one hundred and three or one hundred and four, shall apply, so far as apt, to a prisoner committed under this section.

If a prisoner under complaint or indictment is committed in accordance with section one hundred, and such complaint or indictment is dismissed or not pressed, or if a prisoner is committed in accordance with sections one hundred and three or one hundred and four, and his sentence has expired, the superintendent of the institution to which commitment was made or said medical director and the commissioner, in case of commitment to the Bridgewater state hospital, as the case may be, may permit such prisoner temporarily to leave such institution in accordance with sections eighty-eight and ninety or may discharge such prisoner in accordance with section eighty-nine. The word "prisoner" as used in this section shall include all persons committed under section one hundred, whether or not in custody when so committed; and in construing this section a maximum and minimum sentence shall be held to have expired at the end of the minimum term, and an indeterminate sentence, at the end of the maximum period fixed by law.

RENDITION

SECTION 106. Rendition of insane persons. The governor may upon demand deliver to the executive of any other state any person who has escaped from an institution for the insane to which he has been committed under the laws of such state, and who may be dangerous to the safety of the public, or may upon application appoint an agent to demand of the executive authority of any other state any person who has escaped from an institution in this commonwealth. a time designated in the warrant, to take and transport such person to the boundary line of the commonwealth and there deliver him to such agent. The officer may require aid as in criminal cases.

SECTION 108. Writ of habeas corpus, when. A person arrested upon such a warrant shall not be delivered to the agent of another state until he has been notified of the demand for his surrender and has had an opportunity to apply for a writ of habeas corpus, if he claims such right of the officer making the arrest. If the said writ is applied for, notice thereof and of the time and place of hearing shall be given to the attorney general or to the district attorney for the district where the arrest is made. An officer who delivers such person in his custody upon such warrant to such agent for rendition without having complied with this section shall forfeit not more than one thousand dollars. Pending the determination of the court upon an application for the said writ, the person shall be detained in custody in a suitable institution for the insane.

1909, 504, § 89.

SECTION 109. Payment of expenses. If an application made under section one hundred and six for the arrest of a patient escaped from an institution in the commonwealth is granted and an agent is appointed as therein provided, his reasonable expenses shall be paid by the commonwealth from the appropriation for expenses of the institution from which the patient escaped.

DEFECTIVE DELINQUENTS AND DRUG ADDICTS

SECTION 113. Commitments to Department for Defective Delinquents. At any time prior to the final disposition of a case in which the court might commit an offender to the state prison, the reformatory for women, any jail or house of correction, the Massachusetts reformatory, the state farm, the industrial school for boys, the industrial school for girls, the Lyman school, any county training school, or to the custody of the department of public welfare, for any offense not punishable by death or imprisonment for life, a district attorney, probation officer, or officer of the department of correction, public welfare or mental health may file in court an application for the commitment of the defendant in such a case

to a department for defective delinquents established under sections one hundred and seventeen and one hundred and twenty-four, or to a department for the care and treatment of drug addicts, established under authority of said sections. On the filing of such an application the court may continue the original case from time to time to await disposition thereof. On the filing of an application for the commitment to a department for defective delinquents the court shall give notice to the department of mental health and said department shall cause such person to be examined by two experts in insanity with a view to determining whether or not he is mentally defective, and shall file a written report with the clerk of the court in which the case is pending and the report shall be accessible to the court, the probation officer, the district attorney and to the defendant and his attorney. If, on a hearing on an application for commitment as a defective delinquent, the defendant is found to be mentally defective, and the court, after examination into his record, character and personality, finds that he has shown himself to be an habitual delinquent or shows tendencies toward becoming such and that such delinquency is or may become a menace to the public, and that he is not a proper subject for a school for the feebleminded or for commitment as an insane person, the court shall make and record a finding to the effect that the defendant is a defective delinquent and may commit him to such a department for defective delinquents according to his age and sex, as hereinafter provided. If, on a hearing on an application for commitment as a drug addict, it appears that the defendant is addicted to the intemperate use of stimulants or narcotics, the court may commit him to a department for the care and treatment of drug addicts.

If it appears to said judge that such offender may be mentally defective the judge shall give notice to the department of mental health and said department shall cause the offender to be examined by two experts in insanity with a view to determining whether or not the offender is mentally defective and shall cause a written report to be made to said judge. The judge shall make inquiry into the facts and, if satisfied that the offender is mentally defective or so addicted, and not a proper subject for a school for the feebleminded, shall order his removal to a department for defective delinquents, or to a department for the care and treatment of drug addicts, as the case may be, according to his age and sex as hereinafter provided.

Thereupon the clerk shall record the name of the owner of said certificate or certified statement, together with the date of record, upon blanks approved by the board, said blanks to be so arranged that a duplicate carbon copy shall be made at the time of the original record. He shall keep the original as a part of his official records and it shall be open to public inspection. He shall, within twenty-four hours after such recording, forward the duplicate to the board. Limited registration under this section may be revoked at any time by the board.

SECTION 9A. (*Registration of Students for Limited Practice of Medicine.*) An applicant for limited registration under this section as an assistant in medicine who shall furnish the board with satisfactory proof that he is twenty-one years of age or over and of good moral character, that he is enrolled in and has creditably completed not less than two years of study in a legally chartered medical school having the power to grant degrees in medicine, and that he has been assigned to the care and observation of persons requiring medical service by an instructor in said medical school, which instructor shall be a registered physician, may, upon the payment of one dollar, be registered by the board as an assistant in medicine for such time as it may prescribe. Such registered assistant in medicine may practice medicine as authorized by this section, but only under the supervision of such instructor; he may, however, be assigned by such instructor to a hospital, recognized and approved by such instructor, of not less than twenty-five beds, and may practice medicine as aforesaid in said hospital, but only under the supervision of a registered physician who has been duly appointed a staff physician in said hospital. Registration under this section shall not authorize the signing of certificates of births or deaths, or the use of any instruments whatsoever in the treatment of any cases, except instruments normally used for the purpose of diagnosis and then for such purpose only; nor shall it authorize the prescribing or dispensing of any narcotic drug as defined in section one hundred and ninety-seven

of chapter ninety-four. Registration under this section may be revoked at any time by the board, and shall be revoked upon the request of the dean of the medical school in which such assistant in medicine is enrolled. Limited registration under this section may be revoked at any time by the board.

SECTION 74. (*Registration of Nurses and attendants.*) The board of registration in nursing, in this section and in sections seventy-four A to seventy-nine, inclusive, called the board, shall hold examinations for the registration of nurses at such times and places as it shall determine. Every person registered hereunder who continues to hold himself out as a registered nurse shall, on or before his birthday in each year, renew his registration for the ensuing year by payment of one dollar to the board, and thereupon the board shall issue a certificate showing that the holder thereof is entitled to practice as a registered nurse for the period covered by said payment; provided, that if a birthday of any person who shall be registered hereunder shall occur within three months after such original registration, such person need not renew his registration until the birthday next following the birthday aforesaid. For the purposes of this section and of section seventy-four A, the birthday of a person born on February twenty-ninth shall be deemed to be February twenty-eighth. In default of such renewal, a person registered hereunder shall forfeit the right to practice as a registered nurse or to hold himself out as such until such fee shall have been paid. The board, after a hearing, by vote of a majority of its members, may annul

the registration and cancel the certificate of any nurse who has been found guilty of a felony.

In giving such permission regard shall be had to delivering such bodies to any such medical schools in proportion, so far as practicable, to the number of students therein.

SECTION 3. (*Body to be held for identification.*) No body of a deceased person which is subject to section one shall be used for fourteen days after death for the promotion of anatomical science, but it shall during such period be kept by the authorities or dean or other officer in a condition and place to be viewed by any person, at all reasonable times, for the purpose of identification. If, within such time, any person claiming to be and satisfying the authorities that he is a friend or is of kindred to the deceased asks to have the body buried or surrendered to himself, the body shall in conformity with such request be either buried or delivered to such friend or kindred.

SECTION 4. (*Taking of such body; bond.*) Such dean or other officer, if he has been given permission to take the body of a deceased person as provided in section one, shall, before receiving it, give to the authorities surrendering it, a bond conditioned that he will comply with the preceding section and that after the time prescribed therein, if the body has not been buried or delivered in accordance therewith, it shall be used only for the promotion of anatomical science in the commonwealth in such manner as not to outrage public feeling, and that, after having been so used, the remains shall be decently buried.

SECTION 5. (*Autopsies.*) Before surrendering the body of any such person as provided in the four preceding sections, the chief medical officer of any institution named in section one may, if the cause of the death cannot otherwise be determined and if such body is unclaimed by relatives or friends, cause an autopsy to be made upon it.

SECTION 6. (*Bodies of murderers may be dissected.*) Upon conviction of murder in the first degree, the court may order the body of the convict after his execution to be dissected. The warden of the state prison shall in such case deliver it to a professor of anatomy or surgery in a medical school established by law in the commonwealth, if so requested; otherwise, he shall, unless the convict's friends desire it for interment, deliver it to any surgeon attending to receive it who will undertake to dissect it.

SECT.	SECT.
34. Use of land.	43M. Burials regulated.
43A. Establishment of future cemeteries regulated.	45. Burial permits.
	47. Certificates for burial, etc.

SECTION 34. (*Cemeteries and Burials.*) (*Use of Land.*) Except in the case of the erection or use of a tomb on private land for the exclusive use of the family of the owner, no land, other than that already so used or appropriated, shall be used for burial, unless by permission of the town or of the mayor and aldermen of the city in which the same lies; but no such permission shall be given until the location of the lands intended for such use has been approved in writing by the board of health of the town where the lands are situated after notice to all persons interested and a hearing; and the board of health, upon approval of the use of any lands either for new cemeteries or for the extension of existing cemeteries, shall include in the records of the said board a description of such lands sufficient for their identification. For every interment in violation of this section in a town in which the notice prescribed in section thirty-seven has been given, the owner of the land so used shall forfeit not less than twenty nor more than one hundred dollars.

SECTION 43A. (*Establishment of Future Cemeteries Regulated.*) (*Cemeteries and Burials.*) No cemetery established on or after July first, nineteen hundred and thirty-six, shall be owned, maintained or operated except by a municipality or other political sub-division of the commonwealth, a church, a religious or charitable society, or by a cemetery association incorporated as provided in section one, nor shall such a cemetery be maintained or operated for the purpose of private profit or gain, directly or indirectly, to any director, officer or member of the cemetery association or other agency owning, maintaining and operating the same. A cemetery lawfully established prior to said date may continue to be owned, maintained and operated under the form of organization adopted therefor.

Inserted Acts 1936, Ch. 319, Sec. 6.

SECTION 43M. (*Cemeteries and Burials.*) Except as otherwise provided by law, or in case of a dead body being rightfully carried through or removed from the commonwealth for the purpose of burial or disposition elsewhere, every dead body of a human being dying within the commonwealth, and the remains of any body after dissection therein, shall be decently buried, entombed in a mausoleum, vault or tomb or cremated within a reasonable time after death. The permanent disposition of such bodies or remains shall be by interment in the earth or deposit in a chamber, vault or tomb of a cemetery owned, maintained and operated in accord-

ance with the laws of this commonwealth, by deposit in a crypt of a mausoleum, or by cremation. The remains of a human body after cremation may be deposited in a niche of a columbarium or a crypt of a mausoleum, buried or disposed of in any manner not contrary to law. No deposit of the bodies or remains of the human dead shall be made in a single chamber, vault or tomb wholly or partly above the natural surface of the ground unless the part thereof below such surface is of a permanent character, constructed of materials capable of withstanding extreme climatic conditions, waterproof and air tight, and capable of being sealed permanently to prevent all escape of effluvia, and unless the part thereof above the natural surface of the ground is constructed of natural stone of a standard not less than that required by the United States government for monuments erected in national cemeteries, of durability sufficient to withstand all conditions of weather.

Inserted 1936, Ch. 319, Sec. 6.

SECTION 45. (*Exhumation of bodies.*) (*Burial permits.*) Except as provided in sections forty-four and forty-six, no undertaker or other persons shall bury or otherwise dispose of a human body in a town, or remove therefrom a human body which has not been buried, until he has received a permit from the board of health or its agent appointed to issue such permits, or if there is no such board, from the clerk of the town where the person died; and no undertaker or other person shall exhume a human body and remove it from a town, from one cemetery to another, or from one grave or tomb other than the receiving tomb to another in the same cemetery until he has received a permit from the board of health or its agent aforesaid or from the clerk of the town where the body is buried. No such permit shall be issued until there shall have been delivered to such board, agent or clerk, as the case may be, a satisfactory written statement containing the facts required by law to be returned and recorded, which shall be accompanied, in case of an original interment, by a satisfactory certificate of the attending physician, if any, as required by law, or in lieu thereof a certificate as hereinafter provided. If there is no attending physician, or if, for sufficient reasons, his certificate cannot be obtained early enough for the purpose, or is insufficient, a physician who is a member of the board of health, or employed by it or by the selectmen for the purpose, shall upon application make the certificate required of the attending physician. If death is caused by violence, the medical examiner shall make such certificate. If such a permit for the removal of a human body, not previously interred, from one town to another within the commonwealth cannot be obtained early enough for the purpose, the certificate of death made as above provided and in the possession of the undertaker desiring to make such removal shall constitute a permit for such removal; provided, that such body shall be returned to the town from which it was removed within thirty-six hours after such removal, unless a permit in the usual form for the removal of such body has been sooner obtained hereunder. If the death certificate contains a recital, as required by section ten of chapter forty-six, that the deceased served in the army, navy or marine corps of the United States in any war in which it has been engaged, such recital shall appear upon the permit. The board of health or its agent, upon receipt of such statement and certificate, shall forthwith countersign it and transmit it to the clerk of the town for registration. The person to whom the permit is so given and the physician certifying the cause of death shall thereafter furnish for registration any other necessary information which can be obtained as to the deceased, or as to the manner or cause of the death, which the clerk or registrar may require.

SECTION 47. (*Certificates for burial.*) No person having the care of a cemetery, burial ground or crematory shall permit the burial, removal or cremation of a human body until the permit for such burial, removal or cremation has been delivered to him, nor permit the ashes of a human body to be buried therein until there has been delivered to him a certificate that the burial permit and the certificate of the medical examiner prerequisite to the cremating of said body have been duly presented.

Upon the burial, removal, or cremation of a body, the superintendent or other officer in charge of the cemetery or crematory shall indorse upon the coupon accompanying the permit the fact of such burial, removal or cremation, with the date thereof, shall make and preserve in the files of the cemetery or crematory a record of such burial, removal or cremation, including any recital in the burial permit relative to service of the deceased in any war in which the United States has been engaged, and also the location of the grave or other receptacle of the body or ashes of the deceased, and shall forthwith return the coupon to the office issuing the same; provided, that if there is no officer in charge of the cemetery or crematory, such duties shall be performed by the undertaker.

CHAPTER 116 SETTLEMENT

1. Legal settlements.
2. Settlement not acquired while receiving public relief, etc.

SECT.

4. Receipt of institutional aid by certain soldiers, etc. not to affect settlement.
5. Existing settlements; continuance, loss. Time in certain institutions not counted.

SECTION 1. (*Settlement.*) Legal settlements may be acquired in any town in the following manner and not otherwise:

First: Except as provided in the following clause, each person who after reaching the age of twenty-one has resided in any town within the commonwealth for five consecutive years shall thereby acquire a settlement in such town.

Second: A married woman shall follow and have the settlement of her husband; but if he has no settlement within the commonwealth, she shall retain the settlement, if any, which she had at the time of her marriage and may acquire a settlement under the preceding clause.

Third: Legitimate children shall follow and have the settlement of their father if he has one within the commonwealth, otherwise they shall follow and have the settlement of their mother if she has one; if the father dies during the minority of his children they shall thereafter follow and have the settlement of the mother. Upon the divorce of the parents the minor children shall follow and have the settlement of the parent to whom the court awards their custody.

Fourth: Illegitimate children shall follow and have the settlement of their mother.

Fifth: A person who enlisted and was mustered into the military or naval service of the United States, as a part of the quota of a town in the commonwealth under any call of the president of the United States during the war of the rebellion or any war between the United States and any foreign power, or who was assigned as a part of the quota thereof after having enlisted and been mustered into said service, and his wife or widow and minor children, shall be deemed thereby to have acquired a settlement in such town; and any person who would otherwise be entitled to a settlement under this clause, but who was not a part of the quota of any town, shall, if he served as a part of the quota of the commonwealth, be deemed to have acquired a settlement, for himself, his wife or widow and minor children, in the place where he actually resided at the time of his enlist-

ment. Any person who was inducted into the military or naval forces in time of war between the United States and any foreign power, whether he served as a part of the quota of the commonwealth or not, or who enlisted and served in said forces during the Philippine insurrection, and his wife or widow and minor children shall be deemed to have acquired a settlement in the place where he actually resided in this commonwealth at the time of his induction or enlistment. But these provisions shall not apply to any person who enlisted and received a bounty for such enlistment in more than one place unless the second enlistment was made after an honorable discharge from the first term of service, nor to any person who has been proved guilty of wilful desertion, or who left the service otherwise than by reason of disability or an honorable discharge.

Sixth: Upon the division of a town, every person having a legal settlement therein, but being absent at the time of such division, and not having acquired a legal settlement in the town containing the last dwelling place or home which he had in the town so divided; and if a new town, composed of a part of one or more other towns is incorporated, every person legally settled in the towns of which such new town is so composed, and who actually dwells and has his home within the bounds of such new town at the time of its incorporation, and any person duly qualified as provided in the fifth clause of this section who at the time of his enlistment dwelt and had his home within such bounds, shall thereby acquire a legal settlement in such new town; but no person residing in that part of a town which upon such division is incorporated into a new town and who then has no legal settlement therein shall acquire any by force of such incorporation only, nor shall such incorporation prevent his acquiring a settlement in such town within the time and by the means by which he would have gained it there if no such division had been made.

SECTION 2. No person shall acquire a settlement, or be in the process of acquiring a settlement, while receiving public relief other than aid or relief received under chapter one hundred and fifteen, unless, within two years after receiving such relief, he tenders reimbursement of the cost thereof to the commonwealth or to the town furnishing it. No former patient of a state or county tuberculosis sanatorium or hospital, who is employed in such an institution, shall lose or gain a settlement or be in the process of losing or gaining a settlement while so employed. No person residing in an incorporated charitable institution the personal property of which is exempt from taxation, other than an employee of such institution, shall gain or lose a settlement nor be in the process of gaining or losing a settlement while residing therein.

Amended; Ch. 379, Acts 1943.

SECTION 4. (*Settlement.*) If a soldier or a dependent of a soldier eligible to receive military aid or soldiers' relief under chapter one hundred and fifteen receives aid or treatment in any hospital or other institution, such aid or treatment shall not have the effect of preventing or defeating the acquisition of a legal settlement.

SECTION 5. (*Settlement.*) Except as otherwise provided in this section, each settlement existing on August twelfth, nineteen hundred and eleven, shall continue in force until defeated under this chapter, but from and after said date failure for five consecutive years by a person, after reaching twenty-one years of age, to reside in a town where he had a settlement, shall defeat a settlement acquired under clause First of section one, or a settlement of a woman acquired under clause Second of said section one provided the settlement of her husband is defeated. The settlement of

a minor acquired under either clause Third or Fourth, of section one, except the settlement of a female minor who has married, shall be defeated with the settlement of the parents. The time during which a person shall be an inmate of any infirmary, jail, prison, or other public or state institution, within the commonwealth or in any manner under its care and direction, or that of an officer thereof, or of a soldiers' or sailors' home whether within or without the commonwealth, shall not be counted in computing the time either for acquiring or defeating a settlement, except as provided in section two. The settlement existing on August twelfth, nineteen hundred and sixteen, or any settlement subsequently acquired, of a person whose service in or with the army, navy or marine corps of the United States qualifies him to receive aid or relief under the provisions of chapter one hundred and fifteen, and the settlement of his wife, widow until she remarries, father or mother, qualified by his service to receive relief under said chapter one hundred and fifteen shall not be defeated, except by failure to reside in the commonwealth for five consecutive years or by the acquisition of a new settlement.

(*Articles made by prisoners.*) The commissioner shall, so far as possible, cause such articles and materials as are used in the offices, departments or institutions of the commonwealth and of the several counties, cities and towns to be produced by the labor of prisoners in the institutions named in section fifty-one.

SECTION 55. (*List of prison made articles.*) Annually in September the commissioner shall issue to the officers in charge of the offices, departments and institutions named in section fifty-three a descriptive list of the styles, designs and qualities of said articles and materials. Any difference between the prison officials and the offices, departments or institutions in regard to styles, designs and qualities shall be submitted to arbi-

trators, whose decision shall be final. One of said arbitrators shall be named on behalf of the prison by the commissioner, one by the principal officer of the other office, department or institution concerned, and one by agreement of the other two. The arbitrators shall be chosen from the official service, and shall receive no compensation for performance of any duty under this section; but their actual and necessary expenses shall be paid by the prison or office, department or institution against which their award is given.

SECTION 56. (*Estimate of articles needed in public offices.*) Annually in November the officers in charge of all offices, departments and institutions named in section fifty-three shall send to the commissioner an estimate of the quantities of the articles and materials needed for their respective offices, departments or institutions during the ensuing year. Said estimates shall generally observe the styles, designs and qualities named in the descriptive list; and if any special style is desired in considerable quantity, the estimate shall contain a request that the commissioner shall arrange for the manufacture of such special articles as may be needed.

SECTION 57. The requisitions hereinafter provided for shall conform to said list unless it appears that special style, design or quality is needed and shall be on forms provided by the commissioner. The state purchasing agent or the purchasing agent of a city or town shall make requisition therefor to the commissioner; provided, that in the case of articles or materials needed by a state office, department or institution and not required to be purchased by the state purchasing agent, or needed by a county, or by a city or town not having a purchasing agent, the requisition shall be made by the officer in charge of the state, county, city or town office, department or institution in which such articles or materials are needed. The commissioner shall forthwith inform said state, city or town purchasing agent or other officer in what institutions they are produced, and he shall purchase them from any institution so designated. If they are needed immediately and are not on hand, the commissioner shall forthwith so notify him, and he may purchase them elsewhere. No bill for any such articles or materials purchased for the use of said offices, departments or institutions, otherwise than from a prison or from another penal institution, shall be allowed or paid unless it is accompanied by a certificate from the commissioner showing that a requisition therefor has been made and that the goods cannot be supplied from the prisons. Provisions of any city charter contrary to this section shall be void.

SECTION 58. (*Prices of prison made articles sold to public institutions, etc.*) The price of all articles and materials supplied by the prisoners to the commonwealth, counties, cities and towns shall conform as nearly as may be to the wholesale market rates for similar goods manufactured outside of the prisons. Any difference of opinion in regard to price may be submitted to arbitration in the manner provided in section fifty-five.

An inmate so removed shall be kept in such hospital until the physician thereof shall certify to said commissioner that she may safely be removed, whereupon the commissioner shall issue an order for her return to prison or to the department for defective delinquents.

Revised Acts 1941, Ch. 510, Sec. 2.

SECTION 123. (*Expense of removing prisoners.*) (*Defective Delinquents.*) The expense of removing a prisoner from one jail or house of correction to another shall be paid by the county from which he is removed. The expense of removing a prisoner to or from a state institution by order of the commissioner shall be paid upon bills approved by him, out of the appropriation for the removal of prisoners, except that when a removal of a prisoner is made at the request of the trustees of any institution, or under section one hundred and seventeen or one hundred and eighteen, the expense thereof shall be borne by the institution from which the prisoner is removed. would take if he had died intestate, nor shall she be entitled upon his death, if he leaves a will, to dower in his estate, as provided in section one of chapter one hundred and eighty-nine.
